CD rates represent the highest and lowest rates paid on the top 10 yielding banks for FDIC insured \$250,000 CDs and do not take into consideration individual portfolio holdings. Certificates of deposit are quoted as yield to maturity investments and may be subject to early withdrawal penalties. Rates are quoted net of all transaction fees, are subject to change and may be different than those rates stated above at the time of execution. The daily yield refers to income generated over the previous one day period; the income is then annualized. You should consider the funds investment objectives, risks, charges and expenses before investing. Carefully read the OLAP information statement before investing in the fund, which can be found at www.olaponline.org

The OLAP Fund is neither insured nor guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the Funds seek to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in these funds.

The Information contained herein is based on sources which we believe reliable but is not guaranteed by us and is not considered all inclusive. It is not to be construed as an offer or the solicitation of an offer to sell or buy securities herein mentioned. PMA Securities, Inc. is a member of the FINRA and SIPC.
