

## FIXED INCOME INVESTMENT PROGRAM

The OLAP Fixed Income Investment Program (“FIIP”) offers OLAP Participants the opportunity to invest in deposit products from financial institutions and other government securities in compliance with Oklahoma state statute. OLAP has contracted with PMA Financial Network, LLC and its affiliate, PMA Securities, LLC (together “PMA”) to administer the FIIP Program.

### Fixed Income Investment Bid Process

PMA’s investment bidding services are set in place to provide OLAP Participants the opportunity to secure competitive rates on their investments. Additionally, PMA obtains these rates by contacting its network of local state-wide banks, saving Participants time and effort. The process begins by contacting an OLAP representative with the amount of investable cash and desired length of investment. The PMA team will secure rates and investment options and then communicate the options back to the Participant for a final investment decision.

For added convenience, Participants receive a single consolidated monthly report encompassing all of its FIIP investments and activity and its daily OLAP liquid fund activity.

### Fixed Investments

PMA has been dedicated to serving the public sector for over 30 years and has built institutional relationships with an extensive network of local and national investment providers. These relationships give PMA the ability to place investments that maximize the earned interest income for each investment, providing clients direct access to multiple durations of certificates of deposit, other deposit accounts, and government securities.

Contact an OLAP Representative today at [866-472-6527](tel:866-472-6527) to learn more.
